

# Women's Goddess Retreat

September 5 - 7, 2014

Midian Campground, Bedford, Indiana

2014 Theme : *The Norse Goddesses*

## Why a Women's Retreat?

Because women tend to nurture relationships more than they nurture themselves, it is often a challenge for women to carve out the space and time they need for private renewal and reflection. We believe that women feel and hear the gentle call to retreat and reflect as the voice of the Goddess. At the Women's Goddess Retreat we come together as sisters, mothers, daughters, lovers, friends, and women to celebrate this call and to honor her place within us and our place within the world.

## Who Is This Retreat For?

The Women's Goddess Retreat was created for all women who want to pause and honor the Goddess in their lives and in themselves. This retreat is open to anyone who lives their daily life as a woman. Both women-born-women and transgender women are welcome at this retreat.

This retreat is open to our daughters at the discretion of their mothers. We recommend young women be at the age of menarche and are deemed by their mother to be mature enough to handle themes of women's sexuality, trauma, healing, and aging.
